WHY SHOULD YOU TAKE A CHANCE MR. MAN?

ASK PAUL J. TOBIN

WHY you shouldn't take a chance, that's all. Let us write an insurance policy that covers any possible damages to your car and also assumes any liability for damages charged against your car. Let our insurance company take the chance and fight the case if necessary. That's what they are in business for.

THE COLOMBIAN PACT IN SENATE

(Continued from Page One.)

[illegible]

Representatives Sanders declare that if the naval race between Great Britain and the United States continues, Japan must be pulled eventually to drop out because of financial considerations. If the three powers refuse to curtail their naval programs and decline to discuss the matter, the government is liable to lose the support of the nation, which is clamoring for internal reforms.

Enters Denial.

Paris, April 12.—The French foreign office denied, today, that France has already made formal reply to Secretary Hughes' note on the league-of-nations mandates, as has been reported from Washington. It was stated that Ambassador Jusserand has been instructed to "converse" with Secretary Hughes upon the question of mandates. All indications are that France maintains the view that the matter is one to be settled between the United States and Japan by direct negotiations, since the island of Yap is the crux of the mandate issue.

GERMANY WILL GET HEAVY BILL

Will Be Asked To Pay About $40,000,000,000.

GERMAN ARGUMENTS ARE ALL CONSIDERED

Commission on Reparation Finishes Its Work.

French Deputies Urge That a Heavy Hand Be Kept on Germany—Bill for Reparations Expected To Have Effect..

Paris, April 12.—Germany will be handed a bill totaling approximately 160,000,000,000 marks — normally $40,000,000,000—it was reliably reported as the reparations commission, completed its hearings on the German arguments.

Today, the commissioners began summing up the conclusions. They hope to present the final bill to Germany before the week is over.

The total bill is expected to make such an impression on the Germans that they will make energetic efforts to present satisfactory new proposals before May 1, in order to avoid military and economic moves of coercion by the allies.

The opening of the debate in the chamber of deputies on the final section of the budget, which provides for expenses, based upon estimates of what Germany will actually pay, was marked by speeches in which it was emphatically insisted that the government keep its pledge of a "heavy hand on Germany's neck." Speakers demanded that no new offers from Berlin be accepted, unless they comply with the demands agreed upon at the London conference.

Ready for Action.

Paris, April 12.—Despatches received from the allied commission in upper Silesia, which supervised the recent plebiscite there, declare a complete German military organization, with a full battalion in each district, has been discovered in this region. The entire force, numbering twenty battalions, with a full complement of machine-guns and other arms and munitions, is ready for action, the messages assert. Most of the German functionaries in upper Silesia are alleged to be involved in a plot to employ force in case the German claims for upper Silesia are rejected by the allied supreme council.

BUCKEYE BRIEFS

Blackmail Charged.

Canton, O., April 12.—Two men were arrested when they called at the home of Tony Sabelli here for the purpose, police say, of collecting $1,000 Sabelli had been ordered to get for them. Both men held are accused of blackmail.

Two Die at Crossing.

Ottawa, O., April 12.—Clint Bird, veterinarian, married, and Harry Gieskea, 22, son of Putnam County Commissioner Frank Gieskea, Ottawa, were instantly killed here when a passenger train hit an auto in which they were riding, at a crossing.

Cost-Plus System Shows Deficit.

Toledo, April 12.—Under the second month of the cost-plus system the Community Traction company deficit was $73,755.55, Commissioner Wilfred Cann reported. This is $15,579.74 greater deficit than that shown for February, the first month the new company operated the cars.

Reject 44-Hour Work Week.

East Liverpool, O., April 12.—Proprietors of commercial printing establishments in East Liverpool, Wellsville, Lisbon, Salem and East Palestine rejected the job printers' demand for a 44-hour work week. The printers, now working 48 hours a week, threaten to strike May 1.

Money Identified.

Youngstown, O., April 12.—Before acceding to demands of alleged blackmailers that he deliver $400, Nicolo Martino took the money to police station and had the numbers of the bills carefully copied. Later two men called for the money and after receiving $350 were taken into custody by city detectives.

8,300 Students Enrolled.

Columbus, April 12.—Although student enrollment at Ohio State university increased 46 per cent from 1918 to 1920, expenditures for new buildings amounted only to $122,880, an increase of 7 per cent, reports issued by university officials disclose. In 1918-19 there were 5,525 students enrolled at the university. This year, statistics disclose there are 8,306.

Sparks Set Roof on Fire.

Fire departments, Nos. 1 and 2, were called to the home of C. A. Moore, No. 326 Blaine avenue, shortly after 2 o'clock this afternoon, sparks from a chimney having set fire to the roof. The flames were extinguished with a few buckets of water. The damage will amount to about $15.

Close of Market.

New York, April 12.—The stock market closed steady, today; government bonds unchanged; railway and other bonds steady.

YOUNGEST MEMBER OF LEGION OF HONOR

Mlle. Carmen Guetat, [illegible] ed in Paris just after receiving the military order of the Legion of Honor for conspicuous bravery during the war. Mlle. Guetat, who was a war nurse, is the youngest member of the Legion of Honor, being only eighteen years old.

MISS MIRIAM SMART TO BE QUEEN OF MAY

She's Selected by Vote of the Students Today.

MARGARET JOHNSTON IS TO BE MAID OF HONOR

Pageant and Spring Festival Will Be Staged Under Direction of Miss McAfee.

At an election held today, Miss Miriam Smart was elected May queen by the girls of the school who take gymnasium work. This is indeed an honor to Miss Smart, as the election proves her to be the most popular and prettiest girl in the senior class. The queen-elect is likewise a very capable student.

Miss Margaret Johnston, another popular member of the class, likewise being possessed with sterling qualities as those of the queen, received the second greatest number of votes for queen and consequently has received the distinctoin of being made maid of honor.

A pageant and spring festival, under the supervision of Miss Rachael McAfee, will be staged about the middle of May, the date to be announced later. The queen-elect will then be ceremoniously crowned and the affair promises to be one of beauty and something that will be thoroughly new for the students of the school. The students and characters of the pageant will be:

Spring.....Charlotte Johnston
Summer.....Kathryn Glosser
Fall.....Mary Hughes
Winter.....Ruth Ellen McMurray
Crown Bearer...Catherine Marshall
Flower Girls
...Josephene and Virginia McVay

M. KENMORE M'MANES TO GRADUATE FROM ANNAPOLIS

Commencement This Year Will Be Held in December.

Washington despatches announce that the naval academy class of 1922, consisting of 660 members, who ordinarily would graduate from the academy and be commission ensigns in the navy in June, 1922, will be graduated next December. M. Kenmore McManes, son of A. F. McManes, of No. 368 Olney avenue, is a member of this class. He received his appointmept about three and one-half years ago through President Harding.

Reservations being received for the chamber of commerce luncheon at the Y. M. C. A. building Wednesday noon indicate a large attendance No announcement of a speaker has been made

BEER AND WINE FOR SICK FOLKS

Will Soon Be Made Available, Mellon Says.

DEMANDS FOR ACTION GROWING INSISTENT

Secretary of Treasury Says Regulations Will Be Given Out in a Few Days.

Washington, April 12.—The problem of how beer and wine for the sick shall be made available through retail druggists, without further delay, today was given consideration by Secretary of the Treasury Mellon.

Demands for regulations to cover the sale and distribution of medicinal beers and wines, Secretary Mellon said have become increasingly urgent. He said that it would be necessary to expedite action upon the new rules.

The beer-and-wine dilemma will be cleared up, probably within a few days, Secretary Mellon said, by the appointment of a new revenue commissioner. Commissioner Williams' resignation took effect last night. The name of the successor is expected to go to congress in a day or two. In the event of further delay, it was indicated that Secretary Mellon may take a hand personally and direct the drafting of rules to regulate the beer-and-wine sales by druggists.

Wine as Security.

Washington, April 12.—The federal reserve board, today, ruled that wine is not "a readily marketable staple" and that drafts secured by wine in bonded warehouses are not eligible for rediscount by federal reserve banks. The ruling, however, does not affect the right of a bank to make a loan on the note of a borrower, secured by warehouse receipts for wine in bond.

The ruling was brought out on the contention of holders of sacramental wine that warehouses receipts on their holdings were eligible security for drafts. This contention was not upheld.

ONE MAN KILLED; SIX ARE INJURED

Explosion in an Akron Rubber Plant Today.

Akron, April 12.—L. S. Morgan was killed outright and six others seriously injured in an explosion at the Miller Rubber company's plant at 7:31, this morning.

The entire building was wrecked and several of those adjoining were badly shaken.

A mixture of cement, gasoline and benzine exploded, causing the wreck.

Four men injured are being treated at the Miller emergency hospital, while two others, more seriously hurt, are in the city hospital where doctors say their recovery is doubtful.

Fire followed the explosion, but was extinguished by city departments before extensive damage was done.

CONSTUCTION OF BIG PACIFIC CABLE

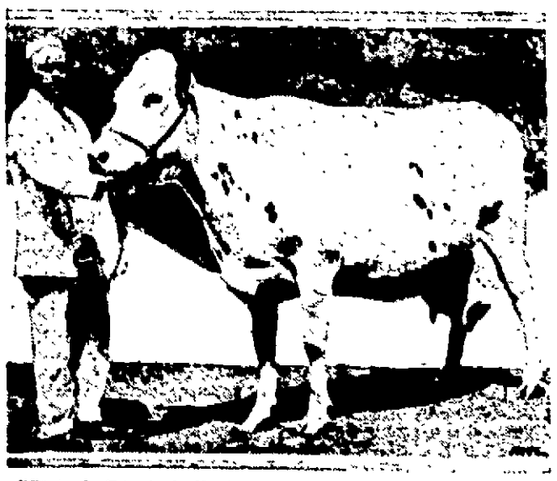
Bill Authorizing Work Is Introduced in Senate.

Washington, April 12.—A bill authorizing the president to take steps for the construction of a cable across the Pacific ocean, from the western coast of the United States to Manila and other Far Eastern ports, was introduced in the senate, today, by Senator Jones, Republican, of Washington, chairman of the senate commerce committee The bill provides an appropriation of $25,000,000 for the proposed cable.

Exempting Ships.

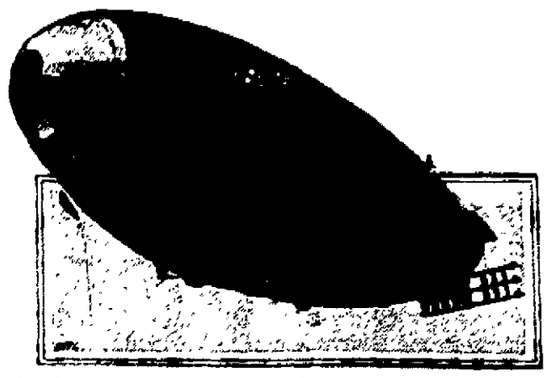
Washington, April 12.—A bill exempting all American vessels, whether in coastwise or foreign service, from payment of tolls for passage through the Panama canal, was introduced in the senate, today, by Senator Jones, Republican, of Washington, chairman of the senate commerce committee.

THIS COW IS WORTH A SMALL FORTUNE



"Gertrude Titanic de Kol," winner of the $1,000 grand championship prize at the Brentwood National Exhibition and sale in Philadelphia. "Gertrude" was sold for $4 [illegible] record of producing 19,476 pounds of milk and 970 pounds of butter in 365 days.

BIG ITALIAN DIRIGIBLE TURNED OVER TO UNITED STATES



The Italian army dirigible "Roma," which was purchased recently by the United States government for $200,000, has been turned over to the American air service officers sent to Italy to dismantle the airship and ship it back to the United States. The Roma is 410 feet long and has a cruising radius at full speed of 3,300 miles. She is the second largest semi-rigid airship in the world. This photograph was made near Rome when the American airmen made their first flight in the Roma. The Roma was eight hours in the air.

STUDENTS LICENSED TO PREACH BY CONFERENCE

Which Is Opened at the Wesley M. E. Church.

DR. REEDER TELLS OF FLOWER HOSPITAL NEEDS

Rev. H. J. Young, of Waldo, Has License Renewed—Delaware District Conference.

This morning's session of the two day session of the Delaware district spring conference which began Monday afternoon at 1:30 o'clock in the Wesley M. E. church opened this morning at 8:30 o'clock with a good attendance. Dr. William McK. Brackney, of Delaware, district superintendent, is presiding at the meeting which is being attended by a large number of pastors of the district.

Following the morning devotions which were in charge of Rev. A. E. Boots, of West Liberty, Dr. F. I Johnson, area secretary of the centenary, gave a talk on "A Study of the Centenary Financial Conditions, Charge by Charge."

Dr. Johnson said that the sum of $69,252 centenary dues must be collected by June and that there is $97,000 to be collected between now and conference. "Unless we make the centenary movement a success this year we are doomed." Dr. Johnson declared.

Dr. Reeder, of Flower hospital, Toledo, gave a brief talk on the improvements to be made on this hospital in the near future. The committee he said expected to begin building an addition to the hospital within sixty or ninety days.

"Our High Calling."

Rev. A. G. Schatzman, of Delaware gave an interesting talk on "Our High Calling," after which Rev. W. J. Green of Prospect, gave a talk on "Ministering to Them That Need." This was followed by a brief talk by Rev. F. M. Swinehart, of Bellefontaine, who spoke on "Recruiting the Ministry."

During the morning session the following students were licensed to preach: "Elmer Frank Frances, Wesley, Carr, Edward B. Brewster, Thoburn T. Brumbaugh, Frank E. Baker, Charles T. Allen, Roger J. Turrell, Ernest Allen, Seldon L. Myers. Rev. H. J. Young, of Waldo, and Frank LePaige had their licenses renewed. It was announced that Rev. Mr. Frazier, former postor of Raymond, had dropped out of the work. E. L. Ditzler, of this city, had his license renewed as a preacher and voted into the conference.

Evening Session.

There was a good attendance at the evening session of the conference which opened with a song service by the Wesley M. E. choir. Rev Charles L. Gowdy, of DeGraff, delivered the sermon, taking for his subject, "The Gospel of Christ." He said:

"While the gospel of Christ is so simple that the wayfaring man though a fool, can understand it, yet it is so profound that the wisest philosopher can only comprehend it in part. This simplicity is what makes it of tremendous value to man. People try to make it difficult. They talk about its ethics psychology, the higher criticism, the lower criticism The real gospel is often so covered by these things that the poor sinner can not see it. The essential part of the gospel is very simple.

A Free Gift.

"From the divinity of Christ was born our hope of immortality and salvation a free gift to man. Paul had great reasons not to be ashamed of it now. Beyond any question the greatest message that ever was delivered to the world was the gospel of Christ, and the highest calling to which any man has ever been called is to preach the gospel. When a minister fulfills his whole duty both as pastor and preacher, he puts on the whole armor of Christ and preaches the whole gospel. He becomes the most potent factor in any community."

The meeting will close this afternoon with a Woman's hour, with talks by Mrs. J. H. Freeman, of Prospect and Miss Bertha Starker, of Japan. John H Clark and W. P. Custer will discuss "Hindrance to the Progress of the Kingdom," from the layman and minister's point of view.

Reports from the pastorates at Belle Center, Bellefontaine, DeGraff, East Liberty, Green Camp, Kenton Epworth, First Methodist church at Kenton, Kenton circuit, LaRue, Marion Asbury, Epworth M. E. Marion, Wesley M. E. Marion, Mt. Victory, Prospect, Ridgway, Rushsylvania, Warrensburg, West Liberty, Zanesfield and Marysville were given at the opening session of the conference Monday afternoon. The meeting was presided over by Dr. William McK. Brackney, and opened with a prayer by Rev. A. E. Boots, of West Liberty.

Rev. M. F. McKenney, of Warrensburg read a paper on "The Country Church." Rev. Mr. McKenney gave some helpful suggestions on how to create interest in the country church and also on how to build up the church A round-table discussion followed Rev. Mr. McKenney's paper.

The Sunday School.

Rev. J. D. Darling, pastor of Wesley M. E. church gave a talk on "How To Build Up the Sunday School." Dr. Darling outlined a program whereby the Sunday-School could be made a factor of the church around which all other organizations of the church could be built.

Dr. Darling's talk was followed by a talk on "How To Build Up the Prayer Meeting," by Rev. William Reeves, of East Liberty. Both addresses were followed by discussions by the pastors. Rev. W. E. Bancroft, a mission worker from India, gave an interesting talk on the centenary work of the church, after which Dr. Cole, pastor of Trinity church, Lima, talked briefly on the Sunday-School work and summer schools for preparation among the Sunday-school teachers and their work. Following the afternoon session a dinner was enjoyed in the church dining-room served by the Ladies' Aid society of the church.

MARION COUNTY WOOL BRINGING THIRTY CENTS

Less Than Half Marketed Compared with 1920.

Marion county wool handled through the Marion County Wool Growers 'association is bringing an average of approximately thirty cents a pound, according to figures given out by S. B. Stowe, county farm agency, this morning. Mr. Stowe said that delaine wool is bringing thirty-eight and one-half cents, three-eighths, and fine clothing, thirty cents; quarter blood, twenty-seven cents, and medium clothing, twenty-five cents. Mr. Stowe said that in view of present conditions of the market, these prices are considered very satisfactory by the growers.

Approximately 100,000 pounds of wool have been handled by the Marion county association. This is less than half the amount produced in the county, as the census for last year showed 245,000 pounds of wool were produced in the county during 1920. Six carloads have been handled and arrangements are now being made for further shipments.

THREE ROBBERS ARE CAUGHT BY OFFICERS

Attempt To Hold Up a Train at New London.

Shelby, April 12.—Three robbers were captured and five escaped, when a band of eight attempted to hold up an express car on a westbound, Cleveland-Indianapolis train at New London, last night. The captures were made by Detectives S. J. Waterman and Zack Hathaway, of Cincinnati, express detectives, who saw the eight men board a "blind baggage" in the Cleveland yards.

Suspecting a hold up, the detectives trailed their quarry watching for the attempted robbery. When the suspects entered the express car with a command to the messenger to put up his hands, the officers opened fire. The robbers fled, but three were captured. Efforts of a posse to arrest the remaining five have thus far proven fruitless.

Sautter's New Job.

A. J. Sautter has resigned his position as manager of the local office of the Cleveland Discount company and has taken a position as stock salesman for the Marion Packing company. J. J. Conley, who was associated with Mr. Sautter in the Cleveland Discount company, has taken over the management of the office.

CROPS HIT HARD BY LATE FREEZE

Ohio Fruit Trees Will Drop Low in Yield.

HEAVY LOSSES IN ALL FRUIT SECTIONS

Frost Damage Will Run into Millions, According to Estimates Made by Observers.

Columbus, April 12.—Reports received here from over the state indicate that Ohio's fruit trees this year will fall far below their normal yield. The southern Ohio apple crop was hard hit by the freezing temperatures.

The few peach, cherry and plum trees which escaped earlier frosts are believed to have been damaged beyond repair by the cold wave of Sunday night and Monday. Those which did escape, however, are safe for a while, as rising temperatures are predicted.

Lowest temperature was 24, recorded early Monday. This, it is believed, was severe enough to kill almost all fruit buds and early vegetables, especially in low land.

Dispatches from Chillicothe place damage to orchards in the Scioto valley from $300,000 to $500,000. Fully 50 per cent of the apple crop was destroyed, growers declared. Grapes also were hard hit.

At Lancaster, where minimum temperature was 24, orchards also were hard hit, practically all those which escaped previous frosts having gone by the board.

In Ottawa county, one of the largest peach-growing centers of the state, growers reported they believed little damage was done. They asserted that, although the trees had been in blossom for more than a week, it would be necessary for the mercury to drop to 20 degrees or lower before serious damage would result. The Ottawa county peach district lies between Lake Erie and Sandusky bay, and the presence of these two large bodies of water in many cases wards off frost damage when other districts suffer heavily.

Ice half an inch thick was reported from Gallipolis, but no estimate of the damage to orchards was available.

The bright sun, which raised temperatures quickly Monday, was an added agent of destruction to central and northern Ohio orchards, in the opinion of Paul Thayer of the Wooster experiment station.

In Lorain county, it was reported, damage from the freeze would reach $800,000. Apple, peach and pear trees were hit, completing the damage done plum and cherry orchards 10 days ago.

A loss running into millions was reported from Youngstown, embracing Mahoning, Columbiana and Trumbu" counties.

Cincinnati reports were to the effect that the southern Ohio apple orchards were almost totally ruined by the freeze. Other fruit trees in this region were killed by the frost of 10 days ago.

Franklin county farmers in many instances made valiant efforts to ward off damage by the use of coverings, smudge pots, etc., but in most cases were unsuccessful.

TENANTS ORGANIZE FOR A CAMPAIGN

Will Refuse To Pay Increased Rentals or Vacate Houses.

Chicago, April 12.—Local tenants are being mobilized to fight the landlords. Many tenants whose leases expire May 1 have been notified that their rent will be boosted from 15 to 25 per cent. Ten thousand will refuse to pay the increased rentals and will refuse to vacate their homes, according to J. B. Strauss of the Chicago Tenants' Protective league.

Chicago apartment buildings are dotted with huge posters in windows or on dwellings. These posters read: "This landlord is unfair. He has increased the rent, effective May 1. We will not pay it."

The landlord on May 1 will be offered the rent at the old rate. If he refuses to accept it, then the tenant will deposit it in the bank for him each month until a long drawn out court battle is over.

COMMITTEE WILL SUBMIT ITS REPORT

Unsuccessful in Getting Boost in Wages for Columbus Men.

Columbus, April 12.—The grievance committee representing organized street-car employes, which unsuccessfully tried to induce the local company to boost the wages of the platform men, will submit its report at two meetings of employes.

One section of the workers will meet today. Another section will convene tonight. It is understood company officials informed the men that there is no chance of negotiations being reopened. Union leaders have not disclosed what action if any they will recommend be taken by the employes.

A Quiet Opening.

New York, April 12.—The copper stocks featured a quiet opening in the stock market, today, making further advances after yesterday's upturns, of from fractions to over one point.

AEROPLANE FLYER RECOVERS VOICE

Speechless for eight months, Henry A. Renz, twenty-two-year-old Washington, war veteran, suddenly found his voice while 14,000 feet in the air when taking a nose dive over Bolling field, Washington, the other day, for the "psychic effect," as the last resort to restore his voice. When Renz realized his speech was restored he hastened to a telephone to inform his mother. The flight was taken at the suggestion of Dr. Charles H. McEnerney, of the public health service. Being an ex-service man the air-service officers at Bolling field gladly consented to try the experiment and Renz spent an hour in the air at high altitude.

A SMALL SCHOOL JOB DRAWS MANY BIDDERS

Bids Opened for Four-Room North Side Building.

ABOUT THIRTY-FIVE CONTRACTORS PRESENT

Contract Is To Be Awarded at Regular Meeting of Board Next Monday Night.

Bids for the construction of the proposed four-room school building on north Main street were opened at an adjourned meeting of the board of education at noon today in the Harding High school building. No contracts were awarded for the reason that the approval of the transcript of the $70,000 bond issue, sold last week to N. S. Hill & Company, Cincinnati, by the bond company's attorney has not yet been received.

After the opening of the bids the board adjourned until 12 o'clock noon Monday, April 18, to receive bids for the remodeling of the Central Junior High school building.

Approximately thirty-five contractors and material men were present at the opening of the bids. There were nine bids for the general contract, three for hot-air heating, six for steam heating and four for plumbing. One bid was received on electrical work although there was no advertisement for this work The bid was submitted by the United Electric Supply company for $1,125.

General Bids.

Bids for the general contract were Jesse Warrick, Marion, $47,152.40; Willing Brothers' Construction company, Bellevue, $45,323; Simon Small & Sons company, Mansfield, $54,500; Schell-Wolf company, Mansfield, $47,560.66; E. R. Barnthouse company, Marion, $44,659.70; John Zachman, Marion, $48,356.88; John Baldauf & Sons, Marion, $49,975; Denman & Sherrer, Marion, $49,544.61, and L. D. Hetrick, Columbus, $45,865.

Each of these bidders offered figures on various alternates in the specifications which, if the board wishes to take advantage of some of them, may slightly lower the amount of the lump bid.

Hot-air heating bidders were E. C. Gast, Fremont, $4,957; Columbus Heating & Ventilating company, Columbus, $5,325, and American Warming & Ventilating company, Toledo, $5,250. These include figures for heating, ventilation and automatic temperature control.

Steam Heating.

Bids for steam heating, including ventilation and automatic temperature control, are Probst brothers Marion $8,618.22; T. M. Cunningham, Marion, $5,837; Jones-Kinn Engineering company, Lima, $5,725; Charles Hoffman company, Mansfield, $6,524; Bryce Heating & Ventilating company, Toledo, $5,950, and the Victor Plumbing company, Springfield, $7,250.

Plumbing bids are Probst brothers, Marion, $4,562; T. M. Cunningham, Marion, $3,599; Henry Meyer, Sayre, $4,[illegible], and Charles Hoffman company, Mansfield, $3,595.

PRISONER ASKS FOR EXECUTION

Prefers Electric Chair to Prison for Life.

OBLIGING COURT IS FAVORABLE TO REQUEST

Would Send Canton Burglar to Chair, but Law Will Not Permit of Such Action.

Canton, April 12.—Sentenced to life imprisonment in the penitentiary, the maximum penalty for burglary of inhabited dwellings in the night season, Charles Wells, today, pleaded with Judge Ake to change the sentence to death by electrocution, "as a special favor."

Wells was the leader of a band which robbed a number of houses here recently. One of the members was a woman who drove an automobile which was used to carry away the loot. The band maintained a home in the best residence section of the city, posing as a family. The woman, Mrs. Luella Wilkerson, was sent to the Marysville reformatory to serve from five to thirty years.

After Wells was sentenced, he said to the court: "As a special favor to me, judge, I'd like to ask you if you can't change that sentence so you will send me to the electric chair."

"I would like to accommodate you, in view of your case," replied Judge Ake, "but the law won't permit."

Wells was taken to the penitentiary later in the day. When his cell was searched, it was found that he had torn the handle from a tincup and sharpened it on the cement floor, apparently for the purpose of attempting to end his life.

BARBERTON BANK IS ROBBED TODAY

Four Bandits Get Away with About $2,000.

Barberton, April 12.—At 10:15 this forenoon, four bandits entered the Great Northern Building & Loan ban's here and commanded the two men and three girls to throw up their hands.

"We don't want to shoot," said one of the bandits, "so behave."

The bank force was marched to the safe and told to get in, guns being used to accentuate the demands. The door was swung shut and the bandits began ransacking the cash drawer where they found $2,000 Before they could search further, the bank force, finding the safe door partially open, entered the room. The bandits made a dash for the rear door, where an automobile was running, leaped into the machine and disappeared.

NEW PLANS FILED IN SUPREME COURT

Armour and Swift Companies Meet an Agreement.

Washington, April 12.—New plans of Swift & Company and Armour & Company for the disposition of holdings in stockyards and stockyard terminal railroads throughout the country, by the turning over of all such stocks to the Illinois Trust & Savings bank of Chicago and the appointing of two trustees to superintendent the sale of the holdings were filed, today, with the supreme court of the District of Columbia. The plans were filed in pursuance of a consent decree entered into between the packers and the department of justice. The holdings of the Armour and Swift companies in stockyards and railroads is said to total more than $15,000,000.

AMERICAN LEGION WOMEN MEETING

Auxiliary Opens a Convention in Columbus Today.

Columbus, April 12. — Over [illegible] delegates, alternates and members are attending the first convention of the woman's auxiliary, American legion, which opened here today.

The program for this afternoon's session includes the following addresses:

"The Women's Auxiliary and the American legion," by Colonel J. S. McQuigg, department commander of the American legion, who opened the convention; "Americanization," by Chairman Charles L. Darlington, of the legion's Americanization committee; "Legislation," by Hugh K. Martin, department adjutant; "Message from France," by Mme. Guerin, founder of the American and French Children's league.

Harrisburg Fire.

Harrisburg, Pennsylvania, April 12.—Fire, starting this morning in the historic Dauphin building, threatens to destroy part of an entire block on Market square. The building was formerly the Commonwealth hotel in which much of the political history of the state was made and once the headquarters of the big political forces of the state.

Throughout the United States the American Legion is now represented by 10,200 posts and 2130 auxiliary units.

GROSS DEFICIT OF $30,609.35

Continued from Page One.

"On March 9, 1921, William M Gavin paid over to Treasurer Smith $300, the face of his note, and $500 the amount in figures on his check Ex-Treasurer Forry was consulted as to the proper amount which should be paid on the check and stated that $500 was the amount instead of $520.

Credit to Shortage.

"On March 31, 1921, $2,539 94, the amount realized on the Schweinfurth checks, and $500, realized on the Gavin check, total $3,039.94, was covered into the county treasury and credited on ex-Treasurer Forry's shortage.

"On same date $300, realized on the Gavin note, was covered into the treasury on the auditor's pay-in warrant to the credit of the 'Over and Double Payment Fund 1919.'

"Mr. Forry had informed your examiner that the $300 was loaned to Gavin out of money in his possession, which was occasioned by overpayments and double payments of taxes which he had taken from the county treasury in the belief that such payments did not properly belong in the treasury Under the opinion of the attorney general all such money should remain in the treasury, hence the disposition of this amount"

Mr. Peckinpaugh, after this explanation of these transactions, inserted a note that photographs of the checks and note were delivered to the prosecuting attorney

What Count Shows.

A count of the cash and cash items in the treasury January 28 was made by Examiner John A Bliss, of the state auditor's office, and the result of this examination was verified by Mr. Peckinbaugh February 1.

Mr. Peckinpaugh prefaces his report with a summary of the changes in the treasurers' office, noting that Forry resigned January 28 and that on the following day Harry Smith was appointed to fill the vacancy and his bond fixed at $50,000. February 1, Mr. Peckinpaugh states, all the assets in the treasury were turned over to the newly-appointed treasurer He also calls attention to the extension of the tax-paying period until February 10

Examiner Bliss' reports shows an apparent deficit in the treasury of $14,301 98 and gives copies of bank certificates showing the amounts on depository account and the amounts collected for taxes

Taxes Collected Not Entered.

Checks from banks from taxes collected, but not entered on records, cash book nor receipted to the auditor are given as follows: January 12, 1921, the Citizens Bank, Prospect, $3,545.71; January 13, 1921, the Citizens Bank, Prospect, $2,610.89; January 24, 1921, the Citizens Bank, Prospect, $3,529 15; January 14, the Prospect bank, $6 391.73; January 14, 1921 the Prospect bank, $7,000, January 15, 1921, the Waldo bank, $8,656.76; January 20, 1921, the Morral Banking company, $5,140.47; January 21, 1921, the Caledonia banking company, $10,000; January 21, 1921, the Caledonia Banking company, $10,000; January 21 1921, the Caledonia Banking company, $4,623.18; total $61,797.899.

"These checks were not given to us on January 28, when we made the count," the report stated, "but on the 31st, when we inquired about the remittance from the banks, the deputy treasurer produced the checks."

Two checks, one by H. E. Lust for $175.87, not paid for lack of sufficient funds, and an unsigned check for $10.82 were included in the statement of assets Mr. Peckinpaugh inserted a note that the unsigned check for $10 52 was replaced by Ex-Treasurer Forry with his personal check and the money on the other check was collected by Treasurer Smith.

Auditor's Undated Checks.

Two other checks, undated and signed by County Auditor B. C Decker, one for $60 and the other for $25, were also included in the memorandum of assets Mr Peckinpaugh's note regarding this transaction states that the checks were later paid by Auditor Decker.

A list of checks held for payment of taxes is also given in the report, some of them undated They are R H Longwell, February 6 1921, $14 39 S. B. Lippincott, $176.53; W. C. Beatty, $576.06, C S Lippincott, $143 53, Bain Brothers February 12 1921, $235 98; Titus Machine company, $318 16, and William T. Jones, January 25, 1921 $3 384 37.

"Messrs Schweinfurth and Gavin stated that the foregoing checks were received for taxes due December 20, 1920 and that the treasurer promised to hold them until March, or later before presenting them to the bank for payment," the report states

"Some of the checks were undated and they say it has been the general practice here to extend such accommodations

"We instructed the deputy treasurer to notify the parties that their checks would be sent to bank on February 1, 1921, for collection" A note is appended stating all of these checks were presented and paid.

Full and Complete.

Forry, accompanied by his attorney, appeared at the county treasurs February 1, according to the report, and made what he stated to be a full and complete confession as to all the money withheld by him from the county.

"Following his confession he turned over to your examiner stubs of tax receipts aggregating $15,906 41, on which he admitted he had collected money and appropriated it to his own use and gave no credit to the parties paying same," the report states.

The condition of the payroll account on February 1 showed a shortage of five dollars, for which Forry gave his personal check.

Forry also turned over to the examiners $816 78, together with tax receipt stubs aggregating that amount which he stated was for personal property taxes collected by him and not accounted for on the books. These amounts were distribute among, George Anderson, administrator George Roberts, $728.53; J. L Hoover, $26 02, C F Carroll, $7.33; J. M Miller, $3.30, J. R. Stansbury, $6 43; A L Conrad, $2.75, Elwood L Jackson, $11 87, John Brick, $14 70; Edward Hartrum, $9.18, and E T. Boyd, $3 26.

Turned Over by Chief.

February 2 Chief of Police J W. Thompson paid into the county treasury $14 703 cash which he recovered from Forry This amount covered the apparent shortage shown by Examiner bliss' count of the treasury February 28

On the same date Forry turned over to the examiner $1,826 37 in cash which he said represented the cash over on December 20, 1919 He admitted having converted this money to his own use the report states.

"Upon investigation," the report continues, "it was found that this overage was caused by his failure to give proper credit to the Northwestern Ohio Natural Gas company for amount of taxes paid on that day The company produced its canceled check payable to Harry Forry, treasurer, in the sum of $1,855 80, dated December 16 1919, which was the amount of tax due for the whole year 1919 Credit was given for only the first half of the tax amounting to $1 527 90 Mr Forry admitted this to be correct and gave his check for $1 53, which, together with the $1 826 37 in cash, made up the shortage of $1 827 90

"This amount was placed in the hands of Treasurer Smith and on February 9 1921, was 'covered' into the treasury and the company given proper credit

"Finding There is due the county treasury from ex-Treasurer Forry interest on $1 827 90 from December 20, 1919 to February 9 1921, at the rate of six per cent $119 21."

Many Notices Sent Out.

Mr. Forry also turned over to the examiner three envelopes containing $84 40. This money was placed in the hands of Treasurer Smith and March 31, 1921 this amount, less one dollar, was refunded to O G Briggs, who proved an over-payment of that amount on January 25 1921

Mr Peckinpaugh points out that approximately 2,500 notices were mailed during the process of the examination to determine whether taxes remaining delinquent on the duplicates of the county had been paid and not accounted for "While the mailing of these notices resulted in a very large collection of delinquent personal taxes some of which had been standing on the books for years, it developed only three receipts aggregating $16 37 which had not been corrected by your examiner through the discovery of errors on the face of the books" the report states The items of these errors were charged to Forrer.

Peroxide That Keeps
YOU can buy one of two kinds of Peroxide: one that *keeps* its strength, and one that *loses* its strength quickly.
Which kind do you want?
You want the Peroxide that keeps, of course; the Peroxide that is active to the last drop; the Peroxide made by Parke, Davis & Company and sold by us.

SOCIETY.

At the meeting of the Advance club, Monday afternoon, with Mrs J. W. Jolley, of south Seffner avenue, the members told about things of historical interest they had seen, in response to roll call. The attendance at the meeting was good.

During the business session Mrs F. B. Morrison was chosen to represent the club as a delegate to the Central district convention of the Ohio Federation of Women's clubs, to be held at Coshocton Thursday and Friday, April 28 and 29.

Mrs. G. E. Mouser read a paper on "Travel in the Air" and Mrs. J. W. McMurray told about "Our National Parks." The closing number of the program was two songs by Mrs. F. C. Gegenheimer, "Obatination," by H. de Fontenailles, and "Under the Rose," by William Armr Fisher.

• • •

"America for Americans" was the subject of the program of the Searchlight club Monday afternoon when it met with Mrs. Z. T. Blow, of south Main street. "Home Problems" were given in response to roll call and Mrs. W. M. Tracy read a paper on "Americanizing the Foreign Home." A paper on "Americanizing the American" was given by Mrs. J. W. Hungate and a season of music followed. The members gave current events and Mrs. Marshall McKinstry read an original poem entitled, "The Magnificence of Heaven."

• • •

Mrs. J. A Burgin was hostess to the members of the Tuesday night club Monday evening at her home on south Vine street. The evening was passed with "five hundred." Mrs. H. D. Rowe received the first award for the ladies and Mr. Marion Murphy was given the gentlemen's award. Mrs. Harry Bowen was consoled.

• • •

The Jewish auxiliary pleasantly surprised Mr. and Mrs. David Kessel at their home on south Prospect street, Monday evening, as a farewell before they leave for their new home in Cincinnati. The time was passed with dancing and music and at 11 o'clock the women served a Dutch lunch which they had brought with them.

Mrs. Kessel was presented a beautiful gift.

• • •

The Research club met with Mrs. C. E. Henney, of Bellefontaine avenue, Monday afternoon.

During the business session, Mrs. F. L. Carhart resigned as a member of the social committee and Mrs. W. T. Jones was elected to fill the vacancy. The members decided to hold a rummage sale soon. Following a general discussion the club voted to do its part in raising funds toward a woman's club home, as soon as a working plan is presented

The program was opened, after the roll call had been answered, with "Garden Notes," with a paper on "How a Citizen of Mexico Would Become an American Citizen," by Mrs. J. L. Hoover. Following music Mrs. Frank Sifritt gave "My Trip to Popocatapetl," and Mrs. J. W. Smith read a paper on "English Words Borrowed from Mexico."

The hostess was assisted by Mrs. John H Clark in serving tea.

This was the last regular meeting of the season and the club guest day will be some time in May.

• • •

Mrs. Felix Levy, of Chicago, chairman on religion of the National Council of Jewish Women, gave a pleasing address on "Religion" before the local council at the Congregation of Israel's rooms, Monday evening. Other visitors were Mrs. Lawrence Lowenstein, president of the Columbus section of the National council, and Mrs. I. Rosenthal, of Columbus, corresponding secretary of the Columbus Federation of Women's Clubs. Each gave a short talk. All three ladies were guests of Mrs. Samuel Rosenberg, president of the local council while in the city.

The council will hold its annual business meeting and election of officers the first Monday in May

• • •

The Altrurian club held its last meeting of the season at the home of Mrs Mary Osborn, on Franklin street, Monday afternoon The club will not meet again until October

After a short business session the time was passed socially later in the afternoon a picnic dinner was enjoyed

Mrs John Hetterer was a guest

• • •

"Civics" was the subject of the program given Monday afternoon by the members of the Delphian club, when they met with Mrs E. M. Bell, of north Greenwood street After the club sang "Flow Gently Sweet Afton," Mrs G. E McCormick read a paper on "Publicity of the Federation," and Mrs. Carroll Davidson gave a paper on "Plays, Playground and Value of School Gardens" Mrs Carl G. Ungericht read a paper on "Progress of Gary, Indiana," and the roll call was answered with "Needs of Our City"

CHURCH SOCIETIES

Church Club Organized.

The L. C. club was organized at a meeting at the girls of Asbury M. E. church, held Monday evening at the home of Misses Mary and Evelyn Culp The following officers were elected Mrs Ona Cottrill, president; Miss Lucile Payne, vice president; Mrs. Robert Morgan, secretary; Miss Ida Jenkins, treasurer Miss Ida Jenkins was elected chaplain and Miss Evelyn Culp was appointed reporter The club will meet each Tuesday evening The next meeting will be held at the home of Miss Evelyn Culp, of Lee street, when a program will be given.

Lecture at Armory.

More than 400 people heard M. A Howlett, of Toronto, Canada, give his lecture on "Millions Now Living Will Never Die" at the armory Monday evening The lecture was given under the auspices of the International Bible Students association.

The object of Mr. Howlett's lecture was to prove by many Biblical prophecies, which he said had been proved during the past four years, that thousands now living in Marion and vicinity will never die

CITY IN BRIEF

Warner Speaks at Lima—Fred W. Warner this morning drove to Lima, where he addressed the Kiwanis club at noon today.

Bicycle Is Stolen—Kenneth Stevens reported the theft of his bicycle to the police Monday afternoon He furnished the department with a description of the wheel.

They Attend Funeral—Mr. and Mrs. E. J Cox, Monday, attended the funeral of a brother-in-law, William Green, at Magnetic Springs. Mr Green was the husband of a sister of Mr. Cox

They're Put To Work—Six white and three colored fellows were arrested by the Erie officers, Monday evening, on charges of loitering They claimed to be traveling in search of work. They were given the opportunity of working out fines of five dollars each on the streets.

Four Building Permits—Four building permits were issued by the city clerk, Monday, as follows: S. B. Bishop, garage, Hane avenue, $200; Margaret B. Hoagland, residence addition, Barnhart street, $500; W. A Barnett, garage, Lincoln avenue $150; McNeal & Wolford, business block front, west Center street, $2,000

Will Make Home Here—Mr. and Mrs Alonzo Richtmyer, of Sterling, Illinois, parents of Mrs. Linina L Strock, arrived here this morning from Chicago, and expect to make their home with Dr and Mrs Strock. Mr. Richtmyer, who is seventy-six years of age, recently underwent a serious operation at Sterling, and has just left the hospital before coming here. He stood the trip very well.

Hospital Commissioners Meet.—The board of hospital commissioners held a called meeting at the office of Mayor T. E Andrews, Monday afternoon, at which time Vernon Redding, an architect from Mansfield, submitted plans for the repair of the hospital building The commissioners went over the plans with the architect and will probably take final action at the regular meeting next Monday.

Wanted at Mansfield—The local police received a call from the Mansfield department, Monday evening, asking them to be on the lookout for two couples that left that place in an Overland touring and a Dodge truck, and were believed to have come toward Marion They are wanted for taking mortgaged furniture out of the county and also for the theft of $199. The Mansfield department also asked the local police to be on the lookout for C C. Anderson, traveling in a Ford machine who is wanted for the theft of some automobile tires

School Nurses' Report.

Our Busy Second Floor Displays Hundreds of Beautiful New Suits, Coats and Dresses

A Most Notable Selection of New Spring Coats and Wraps

Three Special Groups

$19.50, $25, $39.50

Three Special Prices

And still the eager buying and enthusiasm continue in our busy Ready-to-Wear Sections.

But the merchandise is all brand new, and the result of some very remarkable purchases on the part of Mrs. Wertz in New York last week.

In the first assortment will be found a splendid collection of the smart Velour Cloth Coats, in the latest styles and the newest shades, at $19.50.

The $25 group is combined of the most fashionable styles of the season. Fine Wool Velour garments in the best colors. They are quite extraordinary at this price.

The assortment at $39.50 embraces beautiful, handsome and exceptional new Coats and Wraps fashioned from very high grade materials, showing the newest trimmings and colorings.

Your Biggest Opportunity of the Whole Season Beautiful New Dresses at 3 Wonderful Prices

$19.50 ▼ $25 ▼ $35

Nowhere in the city will there be found such a beautiful collection of Spring and Summer Dresses as in our Dress Department.

Mrs. Wertz was quite successful in securing the latest fashions and designs on her last trip to the New York markets.

Her purchases are divided into three exceptional groups.

At $19.50—Unusually smart new Silk Dresses fashioned in just the materials and styles which are so popular this season.

At $25—A splendid assortment of new Silk Dresses and charming Wash Frocks. These are very beautiful and dainty to say the least.

And at $35—Is included a group of exclusive and beautiful models in the new Spring materials and colorings.

We have just unpacked some beautiful new Dresses to sell from $49 to $75.

A Great Showing of Smart New Spring Suits at 2 Remarkable Prices

$35 and $50

While our Coat and Dress Departments are very beautiful and complete, our Suit Department deserves as much note. For here are assembled the smartest new Spring Suits of the season.

Cleverly fashioned from very high-grade tricotine, some of them show the smart ripple tail backs, and the loose unbelted backs, while others are designed on the smart straight tailored lines.

They are handsomely lined with plain and fancy silks. Some of them show the new sash girdles, while others feature fancy embroideries of silk and beads.

In the new shades of brown, tan and the pretty tones of blue.

At these two prices they are indeed marvelous.

Towels, Sheets and Pillow Cases

We are offering a splendid line at very moderate prices.

Big Values in Small Type

Every Day a Bargain Day in Our New Down-Stairs Store. Every Purchase Will Save You Money

Another Shipment of Beautiful New Coats at Two Unheard of Prices

$9.95 and $15.95

This extraordinary shipment embraces the most remarkable collection of beautiful new Coats it has ever been our pleasure to show in this particular section of our store.

It has been a long, long time since one has had the opportunity to purchase a Coat, such as we are showing, at anything like these two prices.

Included in the group at $15.95 are the newest sport models, most of them fashioned beautifully from the summer weight velour cloth. They are displayed in either the plain loose back, some of them are box-pleated, having set-in or raglan sleeves, with those nobby patch pockets. Smartly finished with silk stitchings and buttons.

In the newest reindeer, browns and tans, popular blue shades and other desirable Spring colorings. Their price is only $15.95.

These smart new heather Sport Coats are stylish to the highest degree. Cut on swagger lines—with smart patch pockets and raglan sleeves. In the light heather mixtures. They are matchless at $9.95.

An Unusual Sale of Aluminum Ware

While this Sale of Aluminum Ware was met with big results Saturday, our supply was large and we are able to meet the demand this week.

You will find Preserving Kettles, Double Boilers and Sauce Pans at 95c a piece.

At $1.79 we offer a big 4-piece Combination Cooking Set, consisting of a 6-quart lock handled kettle with lid, a steamer and also an aluminum pan. These sets are a great bargain offering at this price.

Smart New Plaid Skirts

These smart new Plaid Skirts are beautiful as well as practical.

The group includes very attractive new pleated models in the fashionable new browns, tans, blues and greys. Sizes 26 to 32 inches waist measure.

They are the result of a very special purchase and for that reason we are able to offer them at this unusual price of $6.99.

OUR DOWNSTAIRS SELF-SERVE GROCERY

Saves You Money Every Day

Our Sanitary Groceteria Will Save You Money on Canned Goods

At this particular time of the year the supply of Canned Fruits, Vegetables, etc., put up for the Winter is almost exhausted. What, then, would be more welcomed than this remarkable sale of Canned Goods in our new Self-Serve Grocery?

Through the results of some very fortunate purchases which we have been enabled to make during the past few weeks we are in position to offer this collection of high grade, standard Canned Goods, at these extremely low prices.

Del Monte Apricots, large sized cans—6 cans for $1.55.

Del Monte Royal Ann Cherries—6 cans for $2.30

Solar Brand Pineapple, broken slices—29c a can.

M. O. C. Brand Tomatoes, extra fine—6 cans for 69c.

Darby Chief Sugar Corn, very high grade—6 cans for 57c.

Gold Medal Red Beans—3 cans for 27c.

Gold Medal Baked Beans—2 cans for 25c.

A new brand of Coffee—"Franco-American," extra high grade, 39c.

Golden Age Macaroni and Spaghetti, 5c a package.

Another big shipment of Marion Bacon at 28c a pound

Extra Fancy Chinook Salmon, large can, 35c.

Bisco Peanut Butter, 14c.

Libby's Vienna Style Sausage, 13c.

Chili Con Carne, with beans, 13c.

Campbell's Baked Beans, large can, 11c.

Swift's Premium Skinned Hams, very fine, at 35c.

All kinds of Chewing Gum, 4c package.

Edwards' large bottle Selected Stuffed Olives, 40

Hershey's Cocoa, 39c pound.

MARION SCOTTISH RITE CLUB DINNER-DANCE

Joint Observance of Centennial of Odd Fellowship.

IT IS PLANNED BY BODIES IN MARION

Degrees of Pocahontas Meet. Dance Planned by the Moose. Midst Raps and Signs.

The dinner-dance given by the Marion Scottish Rite club at the Masonic temple, Monday evening, was one of the season's big social events in local Masonry. Ninety couples attended, quite a number of visitors being present from out of the city.

In connection with the evening festivities the annual meeting of the club was held, Michael Waddell being chosen president; James E. Messenger, vice president, and James A Knapp, secretary and treasurer.

An elegant dinner was served by the ladies of the Eastern Star at tables decorated with potted plants. The favors were red carnations for the men and white for the women.

After dinner the company danced until midnight in a hall beautifully decorated with American flags and Masonic emblems, small triangles suspended from the ceiling by cords forming a large triangle centered with a "32." A large "32" emblem surmounted by a triangle, was lighted with electricity.

Huss' seven-piece orchestra from Fostoria furnished the music for the dancing. The grand march was led by Mr. and Mrs. James M. Hamilton and Mr. and Mrs. Asa Queen.

Among the guests from out of the city were the following men from Bucyrus with their wives or lady friends:

Messrs. Vance Virtue, Harry G. F. Walther, Clarence S. Rodgers, Charles S. Jones, Frank J. Ross, George R. Birk, J. H. Pace, H. B. Cowell, C. O. Kleer, F. H. Powers, Ralph Ludwig and Archibald L. Holloway.

Joint Observance Proposed.

Plans for observing the centennial of Odd Fellowship Tuesday, April 26, were made at the regular meeting of Kosciusko Lodge, No. 58, I. O. O. F. Monday night. It is the intention to take the matter up with the other I. O. O. F. organizations and arrange for a joint observance.

Two candidates were given the third degree Monday night and arrangements made for the initiatory degree next Monday night.

Degrees of Pocahontas.

One application for membership was balloted on at the meeting of Oneta Council, No. 15, Degree of Pocahontas, Monday evening.

Minnetonka Council, No. 24, Degree of Pocahontas, met Monday night. Four candidates were initiated and three applications balloted on. A social and program of talks followed the business session.

Dance Planned by Moose.

At a well-attended meeting of the Loyal Order of Moose, Monday evening, the social committee announced that a dance would be given the evening of April 21 for the benefit of the Ohio building at Mooseheart.

MRS. HARRY R. PLATT DIES IN COLUMBUS

She's Taken to Asylum About a Week Ago.

Mrs. Jennie Platt, wife of Harry R. Platt, No. 152 north State street, died at 9:30 p. m. Monday evening at the State hospital in Columbus, where she was taken a week ago Saturday afternoon, suffering from religious mania. An autopsy will be performed today to try and determine the cause for her mental derangement and death.

Two years ago Mrs. Platt had a serious illness due to ulcers of the stomach, but she was in her usual health when taken ill the afternoon of March 26 while attending an evangelistic service at a local church. Upon arrival home she went to her bed and had since then been mentally unbalanced.

Mrs. Platt was sixty years of age, having been born at Elmira, New York, August 25, 1860, a daughter of Mr. and Mrs. Alexander Hadsell. She moved to Upper Sandusky in childhood and was married in 1890 at Bowling Green. She and her husband came to Marion in 1900. The husband, two sisters, Mrs. John Biedelchiese, of Upper Sandusky; Mrs. Jacob Maley, of Nevada, and a brother, Jerome Hadsell, of Upper Sandusky, survive. Mrs. Platt was a member of the Epworth M. E. church and its Sunday-school.

The body is expected here this afternoon.

"Get the Cash Habit."

Crisp Tub Blouses—a Spring Delight—Here's a Sale!

"A time for everything" to misquote an old saying would surely mean that Spring is the time for Tub Blouses. Their crisp clean look is typical of Spring. Here's a SALE of splendid Blouses that you'll surely need some of.

New Voile Blouses With Organdie Collars

$1.25

FASHIONED of splendid, evenly woven voiles in plain and fancy weaves, designs done in stripe and figured effects. Organdy collars and cuffs finished with tiny frills of self material, soft roll collars of fancy voiles, hemstitching and the like feature the dozen or more styles. Only $1.25. The sizes range from 36 up to 44.

$5 to $7.50 Handmade Blouses of Batiste

$2.98

BLOUSES that were made entirely by hand of the finest French batiste—only $2.98. But that's because we're clearing some of our $5 to $7.50 Blouses that have become just a little mussed from display. There's some, quite a lot, in fact, in each size. Come as early as you can—this is a rare value.

Rengo Belt Reducing Corsets

—The Ideal Corsets For Stout Women

KNOWING which type of stout Corset fits each particular type of stout figure is one of the factors which has made this store's corsetiere service so well known. You may place full confidence in the judgment of our corsetiere. We've many makes of Corsets here but, if you're stout or inclined to stoutness, it's very likely she'll recommend

RENGO BELT Reducing Corsets

because these have stood the test of time and are still the most comfortable while straightening out the lines of your figure, they keep their shape and they wear the longest period of time.

The special steelastic webbing belt over the too prominent abdomen holds it flat, and the reinforced back and sides straighten and slenderize the hips.

Women who wear Rengo Corsets always look younger than they really are. $2.50 to $7.50. Fittings free.

Just in today—ZION

WALLS of WORTH

Whether wall and ceiling material is to be used in new work, in remodeling the breakfast room, in creating a den in the attic, in insulating the garage against cold, in fireproofing, or in any of the thousand and one ways in which wall and ceiling material is logically utilized, such material will be most wisely selected for its quality, permanency and decorative latitude.

SHEETROCK

The fireproof wallboard, Sheetrock, makes superior walls and ceilings. For Sheetrock is made from pure gypsum, the material from which only the finest of standard walls are made. Sheetrock is rigid, and cannot warp, bulge or crack. It is permanent with the durability of its parent rock. It is fireproof. Unlike other unit wall and ceiling materials, Sheetrock may be successfully and beautifully decorated in any form you choose—wall paper, paint, calcimine, paneling, or a combination of these treatments.

Sheetrock comes to you all ready for use. The lathing is done. The mixing of the plaster is done. The plastering itself is done. All that remains is to nail the broad, ceiling-high sections of Sheetrock directly to the supports.

The work of applying Sheetrock is light and easy, clean and quick. There is no waiting for drying when the walls are finished. Rooms newly walled with Sheetrock are ready for immediate decoration—ready for instant occupancy. The genuine economy that begins with the first cost of Sheetrock is maintained throughout the life of the building.

THE HUB OF COMMERCE.

Daily Proverb—"The greatest mischief you can do to the envious is to do well."

Whenever *disarmament* is suggested, all the powers suddenly succumb to the manana habit.

It's only natural that Germany should be a bit disconsolate in meeting the matter of paying indemnities. All her figuring was on the theory that the other fellow would have to pay them.

Charley says the time is not ripe for his return to the throne, and he's everlastingly right about it. The time is far, far beyond the ripe stage.

A big Norwegian steamship company has failed with assets of $8,000,000 and liabilities of $15,000,000. Evidently there was something beside the inability to sell booze aboard its vessel which did the business in this case.

Naturally, there is some curiosity regarding whether or no Henry Ford's synthetic cow will be equipped with an electric self-starter.

Anyway, there's this to be said for the forthcoming book of Admiral Grayson; it is hardly probable that it will cause half a dozen eminent gentleman to bob up with announcements that they feel called upon to answer it.

A tentative ruling fixes the maximum allowance of "medicinal" beer for a sick man at 4½ gallons a month. Pshaw! That wouldn't be enough for a well man.

There's always danger in carrying over a paragraph. Here we find the esteemed Newark American-Tribune saying last Saturday afternoon: "Miss Winter has evidently taken her departure very gracefully, judging by the weather we are enjoying." And that night it snowed.

Soviet Russia is said to be opposed to daylight saving, which goes to show its consistency. Soviet Russia is opposed to saving anything.

According to the Birmingham Age-Herald, "Obregon says Mexico is following the rules of civilized nations." Still, it may take the Mexicans some time to reach that stage where they will do so from force of habit.

The Silesians may have voted on the theory that it would be cheaper to pay for a past war than to take chances on paying for a new one and an old one as well.

From an editorial in the Ohio State Journal on "The Open Muffler Nuisance" we are inclined to take to the view that the law relating thereto isn't much better enforced down in the Capital City than it is up here.

There's a lot of talk about reforming the movies, but with some it's an open question whether the reforming should start with the movies or the movie crowds.

A Kansas court has fined Alex Howat for his second offense in disregarding a court order $200. For the third offense he will probably be given a slap on the wrist.

WOMEN ON JURIES.

English women, given the ballot, seem to be learning masculine ways fast, for our English cousins are said to be already dodging jury service! They do not want to serve, and they make more excuses—perhaps better ones, too—than masculinity offers when a summons to become a talesman arrives.

Thus far American womankind seems not to have developed the dislike of the male sex for this obligation of citizenship. There have been women on juries, as well as all-women juries, and in every instance the work of the women members has been highly esteemed by magistrates in a position to observe the operation of the plan.

It is to be hoped that no change will occur in this condition. In no other phase of citizenship duties can womanhood show much thorough devotion to the cause of social betterment as in fidelity to the call to aid, in intelligent jury service, the machinery of the law. Men have proved recreant in this field. Let the newer citizens show themselves better citizens.

Sketches from Life By Temple

Poor Little Rich Kids

WILL FOLLOW THE CONSTITUTION.

In a recent issue of the New York World, the leading Democratic paper of the country, says: "If Mr. Harding intrusts the revision of the tariff and the tax laws to the Republican leaders in congress, it is safe to predict that they will wreck his administration * * * Unless he determines policies and measures, chaos is inevitable."

Therefore, in the view of the World, one-man government is all that can be successful in America. The republican form of government, with its three branches—legislative, executive and judicial—is all wrong, and, in its opinion, an autocrat must be established in the White House to use congress as a mere rubber stamp. The utterances of the World are those of one who has lost faith in representative government and believes in a temporary dictatorship. That Mr. Harding has certain responsibilities in connection with legislation, fully understands those responsibilities, and, furthermore, has no intention of shirking them, may be clearly gathered from a reading of his utterances. Let us see what those responsibilities are.

The constitution established first the legislative department, declaring that all legislative power shall be vested in a congress, and it is particularly specified that all bills for raising revenue shall originate in the house. Article 2 declares that executive power shall be vested in a president, and it is made his duty, among other things, to give congress information concerning the state of the union and to recommend to their consideration such measures as he may deem necessary and expedient. He is given power to veto any measure passed by congress, which however, may be passed over the veto by a two-thirds vote in each house.

There we have, in brief form, the respective duties and responsibilities of the legislative and executive branches of the government, so far as legislation is concerned. In his farewell adress to the senate, last December, Senator Harding said:

"When the responsibilities begin in an executive capacity I shall be as mindful of the senate's responsibilities as I have been jealous of them as a member, but I mean, at the same time, to be just as insistent about the responsibilities of the executive. Our governmental good fortune does not lie in any surrender at either end of the avenue, but in the coordination and cooperation which becomes the two in a great and truly representative popular government."

President Harding seeks neither to shirk responsibilities that are his nor to usurp those that are not. He has not been intimated by senseless twaddle about a "senatorial oligarchy," nor goaded to ill-advised antagonism toward the legislative branch of the government. The American form of government was based upon the theory of cooperation—cooperation among the states and cooperation among the different branches of the government. Mr. Harding will recommend what he deems wise; he will give counsel when it is asked; he will give due consideration to the views of members of the legislative branch if their views differ from his, and, it may be safely asserted, he will have the courage to veto a measure if, all things considered, he believes it unwise. He will be a constitutional executive.

A Colorado melon grower claims to have developed a watermelon with a kick. Maybe so. But it may be only a dream upon which it will be dangerous for the thirsty to build any hopes.

The Indianapolis Star says: "It is not expected that the cutting off of those 20,000 federal jobs will naturally reduce the total of the government work output." And it will mark the advantage; it will keep us from stepping on each other's feet.

A 13,000-word hypothetical question regarding a man's mental condition was put at an asylum in Utica, New York. The expert answered that the man in question was "not an imbecile insane nor a lunatic." He did not, however, give any like assurance regarding the mental state of the man propounding the question.

LIFE'S VAUDEVILLE.

[By James Hall Naylor]

LEFT DESOLATE.

"O little feet! That such long years
Must wander on through hopes and fears,
Must ache and bleed beneath your load,
I, nearer to the wayside inn
Where toil shall cease and rest begin,
Am weary—thinking of your road."

The echoing patter of little bare feet!
How sweet the music!
How they leave their marks upon the soul!
The tiny footprints of those little feet!
Our children, parents!

As long as their little feet know the well-loved pats of home—we are happy and content.

Seasons may come and go—summer's heat and winter's cold; but heaven lingers in and about our homes—as long as the children are with us.

God's angels are they—to urge us on to better things; God's messengers—to whisper words of encouragement and high endeavor.

Our children!

Those little feet!

But when those little feet begin to stray out into the wide, wicked world—what a dull ache our hearts know.

Our houses and our homes are left unto us desolate.

Even though we are assured our children are doing well out in the big world—we know an eternal loneliness.

And when we fear they they have gone astray—Oh, God!

A man will give much to save his own life—as long as he considers that life worth living.

But parents—real parents—will give their all to save their children.

A laborer and his wife, in a small Michigan town, have been seeking a vanished daughter recently.

They have offered "all they possess" for news leading to the recovery of the lost child.

And here's an inventory of their earthly all:

A cottage home and furniture, the whole valued at $1,100—paid out of the savings of a lifetime;

Two hundred dollars in bank;

The mother's wedding ring.

The father's silver watch;

Aye—and they'd give the best clothing they have to their backs, would the giving bring them back their loved daughter.

In rags and wretchedness, burdened with years and sickened with toil, they'd begin life all over again, gladly jubilantly—could they have that daughter back again.

'Tis pitiful!

'Tis passing pitiful!

The Kansas City packer, I admit, offered a million dollars for the return of his kidnapped son.

Those Michigan parents are offering more for the return of their daughter.

Oh, children—children!

Father, forgive them—for they know not what they do!

If Germany doesn't look out she will have no left bark on the Rhine.—Indianapolis Star.

Soon you have no bark left on the Rhine—or in any other part of Germany, for that matter.

TWENTY YEARS AGO

Wingett Harriman, well-known horseman, died at Essex.

A son was born to Mr. and Mrs O. L. Cozad, of Silver street.

Abraham J. Eckfeld, traveling traveling salesman, was critically ill at his home on south State street.

Mr. and Mrs. D. W. Landes, of south High street, were at Richwood having been called there by the death of Mr. Landes' mother.

The Dr. C. E. Sawyer sanitorium park, opposite the sanitorium on south Main street, was being leveled off and grass seed sown for the summer. A fountain was to be put in and a lot of shrubbery planted.

C. L. Lewis returned from Chicago where he was married the day before to Miss Mayme Murray, of South Bend, Indiana. She had been employed as a stenographer in one of the large Windy City stores. They expected to make their future home here.

News was received here of the marriage of Miss Susie Moore daughter of Mr. and Mrs John Moore, of Pearl street, to George Hamer, a prominent business man of Elizabeth, Colorado. The ceremony was performed at Denver, April 10. They expect to live at Elizabeth.

Miss Alice Hane returned from Daytona, Florida, coming by way of Columbus with Mrs J. J. Jennings with whom she passed the winter in the south. On the night before leaving Miss Hane was victim of a clever robbery, whereby she lost $50 and her railroad ticket to Marion. It was the second robbery in which Miss Hane was a victim, having previously had her purse stolen with $25 while in the South.

QUILLEN PARAGRAPHS

Profanity: Fervid remarks by a male. The equivalent of woman's tears.

Well, why shouldn't speech be free? Very little of it is worth anything.

Discretion is the better part of expressing an opinion of the wife's new hat.

Young man, if making money is the extent of your ambition, get a job in the mint.

A casual study of the world's affairs convinces one that scraps are useless except for the making of hash.

The free balloons merely drift, and this peculiarity seems to be shared by our entire air program.

The doctor can give you a prescription for beer. For that matter he can prescribe a fried Dodo egg.

Some of the bull spoken by the great reminds us that there are ruminants as well as room at the top.

The old-time physician resorted to bleeding on the slightest provocation; but it's done by the tax assessor now.

There is always a quality of sadness in spring, especially to those who observe the bright new growth in the mint beds.

Little Willie nurses a secret hope that England will also corner the world's supply of castor oil.

Lobbying: The art of persuading congressmen to rake chestnuts. Encouraged by the practice of electing men of catspaw size.

There is one consolation. You don't have to pay these high freight rates. You can let the railroad keep the shipment.

The man with the hoe has his little troubles, but he doesn't have to pay a dollar for eight cents worth of wilted vegetables.

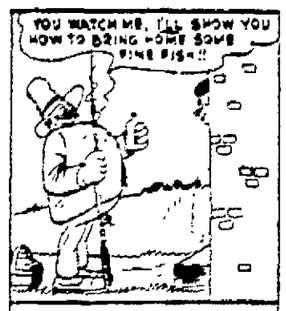
You can say one good thing for the income tax. It choked off those fellows who were always bragging about how much they made.

A French writer says the French are still eating war bread; and their attitude indicates that there is something in diet, after all.

Seizing industrial cities as a means of collecting an indemnity is fair enough, but it reminds us that men got Persian lamb by killing the mothers.

THAT KID NOOZIE

AND HE DID.



NOTES OF SCIENCE.

The United States last year produced aluminum worth more than $41,300,000, a seven per cent gain from the previous year.

After several years of labor a canal has been completed between Milan and Venice, giving the former city access to the sea.

The Carnegie Institute of Technology at Pittsburgh, Pennsylvania, has installed the most elaborate coal mining laboratory in America.

A Swiss railroad has successfully tested a locomotive driven by a steam turbine with a fuel economy of from thirty to forty per cent.

Compression from the engine cylinders is used to force gasolene from the tank to the carbureter with a new automobile accessory.

In searches for petroleum in Great Britain six wells have been to depths of more than 3000 feet, one exceeding 4000 feet bored.

Hardened steel rollers are included between the leaves of a new vehicle spring to increase resiliency and distribute road shocks.

Under normal conditions India supplies the world with two-thirds of its rape and mustard seed and nearly one-fourth of its linseed.

The spring back of a new collar button holds it in place if a button hold be worn and also serves to adjust the length of a neck band.

TODAY'S EVENTS

Tuesday, April 12.

Sixty years ago today the confederates opened fire on Fort Sumter.

North Carolina kept a holiday today in commemoration of the passage of the Halifax resolutions.

Centenary of the birth of Adonijah H. Welch, president of the Michigan state normal school, president of Iowa state college, and for a brief period United States senator from Florida.

Founder's day of the "School of Journalism" of Columbia university was observed today with exercises in memory of the late Joseph Pulitzer, the founder of the institution.

At a special election today San Jose voted on a proposed charter amendment providing for the establishment of a pension system for civil service employes of the city.

Dr. M. Ashbie Jones, of Atlanta, delivered the principal address at the annual Founder's day exercises to be held today at Tuskegee institute.

A notable wedding in New York today was that of Miss Louise Homer, daughter of Mme. Homer, the famous singer, and Ernest Van Rensselaer Stires, son of the Rev Dr. Ernest M. Stires, rector of St. Thomas' church.

ABE MARTIN

It rains alike on th' just an th' just awful. Less wages an' more taxes seems t' be th' order o' th' day.

SENTENCE SERMONS.

I am old and have had many troubles, but most of them never happened.—Anon

I am unaware of anything that has a right to be called an impossibility.—Thomas B. Huxley.

In praying and praising, in giving and receiving,
In eating and drinking, in singing and making merry,
In parents' gladness and in children's mirth,
In dear memories of those who have departed,
In good comradeship with those who are here,
In kind wishes for those who are away,
In patient waiting, sweet contentment, generous cheer,
God bless us every one, this day, with the blessing of Jesus.
—Henry van Dyke.

My times are in thy hand.—Ps. xxxi. 15

The past is usually the enemy of cheerfulness, and cheerfulness is a most precious attainment.—Arnold Bennett.

Faith said, "'Tis brighter farther on;"
Hope said, "I see the coming dawn"
Love said—the greatest of the three,
"The morn is here! 'tis found in me!"
—Anon.

The best reformers the world has ever had are those who have commenced on themselves.—W. H. Shaw.

King's Daughters funds are used for charitable purposes. Patronize the benefit at the Grand theater April 18-19-20 and help a good cause. Get your tickets early from any King's Daughter.—Adv. 116-6

Arizona, Colorado, Idaho, Kansas, Montana, North Dakota, Texas, Washington and Wyoming have women state superintendents of public schools.

The Story of Our States

By JONATHAN BRACE

V.—CONNECTICUT

CONNECTICUT stands unique as probably the first state which was created in the world by a written constitution. It was really an offshoot from Massachusetts, for in 1636 there was dissatisfaction over the form of government among the Puritans in Cambridge, Watertown and Dorchester, the three towns surrounding Boston. A large part of these three towns, therefore, decided to journey to the Connecticut valley, as they had heard that there was to be found excellent farm land, and the Dutch from New Netherlands had been forced out the previous year by the erection by the English of a fort at Saybrook at the mouth of the river. The Cambridge people, under the leadership of their pastor, Hooker, founded Hartford, the Dorchester people settled Windsor, and those from Watertown established Wethersfield. For a few years they remained a part of Massachusetts, but early in 1639 the people of these three towns met and drew up a written constitution and agreed to govern themselves. Meanwhile, in 1638, a large company of colonists under the leadership of John Davenport arrived from England and settled the town of New Haven, later spreading to Milford and Stamford. These two distinct colonies were later united and took the name of Connecticut from its principal river. This is an Algonquin Indian name meaning "long river." It became the fifth state to join the Union when it adopted the Constitution on January 9, 1788. It is sometimes called the Land of Steady Habits, but is more popularly known as the Nutmeg state from the humorous accusation that its peddlers were accustomed to palm off wooden nutmegs to their customers. The area of Connecticut is 4,965 square miles, the third smallest of our states. Its population, however, entitles it to seven electoral votes for president.

DENNIS MOLLOY HEADS NEW IRISH ASSOCIATION

It's for Recognition of the Irish Republic.

DANIEL BATLER, OF TOLEDO, IS ORGANIZER

Ireland Is Closer to Independence Than Ever Before, He Says.

Dennis Molloy was elected president of the branch council of the American Association for Recognition of the Irish Republic organized Monday at a meeting held in the Knights of Columbus hall. Other officers are Mrs. William Kelly, vice president; Carl Werley, treasurer, and Mrs. John McAndrew, secretary. Daniel Butler, of Toledo, was the speaker of the evening and said in part:

"Ireland is nearer coming into its own at the present time than ever before in its history. If United States would recognize the Irish republic all other nations would follow, as they followed France when she was the first to recognize the independence of the original colonies.

Worse than Germany.

"England has committed worse crimes in Ireland during the last six months than Germany ever did. The people of Ireland are afraid to stay in their homes, as they never know when they are going to be attacked by the Black and Tans, an organization composed of men released from English prisons and paid two and three times what regular soldiers are paid to do the things regular soldiers will not do.

"England will not recognize Ireland because Canada, India and Australia will then clamor for their freedom and England has not enough troops to quell them all. As the German war lords were responsible for the war by Germany, the lords and ladies in England holding soft jobs are responsible for the present treatment of Ireland."

Won't Give Up.

"Ireland does not intend to give up," Mr. Butler said. "All the young men in Ireland are in the republican army and if they are all killed they will be followed by the women so that if they do not establish a republic the Irish people face extermination.

"Even if there were not one American citizen of Irish blood, they should protest against England's treatment of Ireland in the interest of humanity."

Mr. Butler explained how the relief in Ireland was carried on by a Quaker society sent from this country. The society is working under the direction of J. F. Lucy, former assistant to Herbert Hoover.

FIFTY-FIFTH DEMAND OF RAILROAD TRAINMEN

According to Editorial Published in Railroad Trainman.

The following editorial from the Railroad Trainman of the current month is printed at the request of the local trainmen as representative of the sentiments of the local men regarding the present rail controversy:

FIFTY-FIFTY IS OUR DEMAND.

The announcement by the railways of ordered and proposed wage reductions without conforming to the provisions of the Cummins-Esch law should convince the American public of the insincerity of the railroads in their professions of respect for and obedience to the law. They assume the same outlaw position that was denounced as illegal by every authority in the United States, including the federal labor board, when the switchmen's strike of last year occurred. There should now be no difference of public opinion on the application of that same ruling by the labor board, and further the railways should be denied by the Interstate Commerce commission every rate benefit and advantage afforded them by the law until they are ready and willing to comply with its labor provisions.

The railroads are not contending for reduced prices of materials, taxes, and other expense necessary to operation, but presumed to load every dollar of unearned costs on the shoulders of their employes, who have not as yet received any appreciable advantages in the reductions in the bulk of their living costs, and without regard to Section 307, paragraph D, of the labor provisions of the Cummins-Esch law.

It is neither fair nor wise to attempt to take from employes anything that rightfully belongs to them. Their present wages and service rules do belong to them until they are taken from them by the same careful investigation and legal processes that sanctioned the award of the labor board, July 20, 1920.

The railroads, naturally, like every other business, feel the results of depression. However, they should assume their own deficiencies with the same readiness that they assumed their profits when transportation conditions were better, and when they did not share their financial advantages with the men until forced by the government to do so. The American public should understand the railroad situation thoroughly. It grossly affects every inhabitant of this country. It is an unwarranted proposition to tear down and destroy American standards of work, wages and living for the benefit of the railroads without regard to the welfare of the nation and 2,000,000 employes who ask only for an equal enforcement of the law. It is a corporation attack against organized labor that has obeyed the law, kept its agreements with its employers faithfully under the guise of necessary railway economy. It is a direct attack against American standards of living, against the American home, and against the welfare of American citizenship.

If the labor sections of the transportation act are to be violated at the will of the railways, then let the Cummins-Esch law be nullified in its entirety and the railways ordered to get along without interference from, of the protection of the government. All the railway employes ask is fair dealing from their employers and a *fifty-fifty* enforcement of the Cummins-Esch law. They will not agree to any such jughandled application of the law as certain of the railways have announced they intend to place upon it. If the railway companies insist upon their violation of law, railway employes will be fully justified in using every resourse at their command to combat the proposals of the railroads.

Is this law, that was so much insisted upon when railway employes were on strike, intended only for the regulation of employes? Where now are its advocates that demanded injunctions, awards for damages, attachment of organization funds, and imprisonment for officers and members of offending labor organizations? Is it the purpose of our people to confirm the railway interpretation of law, which is, that all its benefits are for the railways and all of its penalties for the employes?

CHARLES R. HARTSOCK BURIED AT CARDINGTON

Dies While Tending Furnace in His Home.

Cardington, O., April 12.—[Special.]—Charles R. Hartsock, aged about sixty-five, died at his home in Cardington at 12 o'clock Sunday night. While he had been in poor health for several years, due to a stroke of paralysis, his death was unexpected. He had fixed his furnace fire Sunday evening and retired when he called his wife and told her he was going, passing away almost instantly.

Until moving to Cardington last spring, Mr. Hartsock had spent his entire life on a farm in the Bethel neighborhood. He was well known as a stock raiser and took an active interest in farm affairs, being for many years a member of the board of directors of the Morrow county agricultural society and its president for the past several years. He was an active member of the Methodist church and of the Masonic lodge and chapter. The funeral was held at 2:30 p. m. today.

A widow and three children survive. The children are Mrs. M. B. Shaw, of near Denmark; J. R. Hartsock, of Mt. Gilead, and Ralph Hartsock, of Fulton.

Beautiful Plaid Skirts.

Presented for tomorrow an array of many new plaid skirts just arrived. Finest wool materials in combination colors. Knife pleated box pleated, sports styles. Priced $8.50 to $15. J. H. Rawlings & Son Adv-1

MRS. FRANK THOMPSON DIES AT DELAWARE

Wife of the Superintendent of Schools at Waldo.

Waldo, O., April 12.—[Special.] Mrs. Frank Thompson, wife of the superintendent of the Waldo schools, died at the Jane Case hospital in Delaware last night at 11 o'clock. She gave birth to a daughter a week ago Friday and a week ago today was operated on for the removal of a fibroid tumor.

Mrs. Thompson was thirty-four years of age and was married a year ago last August. She was very well liked and quite well known at Waldo. Her husband, baby, her mother, Mrs. F. D. Draise of Mt. Sterling, and two sisters and two brothers, Mary Bell, Marie, Virgil and Roy, survive. Mrs. Thompson was an active worker in the M. E. church here.

The body was taken to Mt. Sterling today and the funeral will be held from the home of the mother there, Thursday afternoon. Burial will be made at Washington C. H.

Don't forget Machinists' dance, Schwinger hall, Thursday, April 14. 117-3-c.

Time to Face the Facts

"So much has been said against the use of patent medicines that I have had a strong prejudice against them. But after four years doctoring with six different doctors, without results, for acute indigestion, gastritis, constipation, appendicitis and other ailments, I was said to possess, I was encouraged to try Mayr's Wonderful Remedy, seeing what it had done for a friend similarly afflicted. I also was entirely relieved of my trouble, and am sure this medicine will do all and more than is claimed for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Safe Electrical Work

A great deal of unsafe, unsatisfactory electrical work is being done in Marion. We do safe work.
We were the first to advocate inspection. The following letter which we drafted and submitted to council April 4th, 1919, explains our stand:

Marion, Ohio, April 4th, 1919.
To the councilmen of the city of Marion, of Marion County, of the State of Ohio:
The electrical contractors of Marion, Ohio, who have signed this proposal, feel as though it is necessary and important that the city of Marion should have a man appointed by the council of Marion to inspect all electrical wiring, as we feel that it is very necessary that all electrical wiring be done in accordance with the state code, we also recommend that this man who is appointed for this work shall have his office with the fire chief of Marion Ohio, and also recommend that he work under the above named fire chief. We feel that Marion is very much in need of an office of this kind. We, the undersigned electrical contractors, are willing to abide by whatever you deem necessary to insert in this ordinance.

If we do your work you can feel that it is absolutely safe. We guarantee it.

BE SAFE—NOT SORRY.

LOCAL MENTION

Officers were nominated at the regular meeting of Marion Typographical Union, No 675, Monday night. Officers are to be elected at the next regular meeting, Monday, May 9.

Harriet Beecher Stowe tent, No 16, Daughters of Veterans, met Monday evening. Three new members were admitted and arrangements were made to entertain Cooper post at its annual roll call the first Monday in May, when a dinner will be given. Dr. G. T. Harding gave an interesting talk on his trip to Washington inauguration week, and David Sees also gave a talk

Pussyfoot Johnson Howled Down.

Windsor, Ont., April 12—William (Pussyfoot) Johnson, American prohibition worker, abandoned an attempt to speak at the armory here, where he was scheduled to talk in support of the prohibition question, soon to go before the Ontario voters, and escorted across the border to Detroit by police officers. The audience howled him down

Highest Qualities — Lowest Prices

RUGS

A Careful Comparison of Quality and Prices Prove the Advisability of Buying Rugs at Hoover-Rowlands Co.

We do sell Rugs at lower prices than you'll find elsewhere. We know it—and prove it every day of our existence. And in keeping our prices down we do not stint the quality, for you will find our stocks made up of Rugs that are made only by manufacturers of world-wide fame who could not afford to jeopardize their reputation by turning out inferior merchandise. There are several reasons why we can sell the same qualities at lower prices than our competitors, mainly among which is our MAMMOTH BUYING POWER which gives us the advantage of prices not enjoyed by the average small dealer. Read the following Rug values—note them carefully—THEN COMPARE—that's all we ask.

9x12 WOOL FIBER RUG; Good Quality; Now $15.00

9x12 GRASS RUGS; A Real Value at $18.00

9x12 HIGH SPIN BRUSSELS RUGS; Beautiful Oriental Patterns $16.75

9x12 TAPESTRY BRUSSELS; Floral and Oriental Patterns ... $33.75

9x12 Nine-Wire Tapestry Brussels Rugs; Oriental and Floral Patterns, at $37.50

9x12 AXMINSTER RUGS; Floral and Oriental Patterns... $41.50

9x12 SEAMLESS AXMINSTER RUGS; Best Carlton Make $60

8x10 AXMINSTER RUGS; Famous Smith Quality $39.75

BIG ASSET NEWSPAPER ADVERTISING AND WHY

...arry Young, Columbus Expert, Talks to Ad Club.

NATION'S BUSINESS NO LONGER SICK, HE SAYS

Crisis Is Over and It's Time To Throw Off Fear and Become Optimistic.

...business has been ... crisis is past and it is ... off fear and become ... Harvey Young, advertising manager of the Columbus Dispatch, members and guests of the ... advertising club at a ... private dining room of ... cafeteria Monday even...

... House was the subject ... address. He built his ... famous cartoon showing ... trying to water the ... by standing on the hose ... remarking "I knew ... would go dry some day."

Buyers' Market Now.

... ago we had a seller's market, a condition in which the ... consumer had to take ... and often wait until ... could be furnished," Mr. ... said. That has developed ... market and today we ... back to the old way of doing ... making and taking orders ... is no room now for the "wait-a-while kind." The men who get ... are the men who throw off ... put their toes in the ... and get busy."

Mr. Young quoted figures to show ... business failures since January ... have rapidly decreased in number ... that the automobile business is ... making up. He also presented statistics to show that the country is building, including 1,... homes, which will require ... expenditure of from $10,000,... to $20,000,000,000 to put the country where it would have been had there been no war. "When we get down to business on the level ... work will start," Mr. Young ...

A Big Asset.

Because of the wide field it covers newspaper advertising is essential to the business man, Mr. Young said. He cited instances of remarkable business successes due to newspaper advertising and declared that trade marks and good will, made ... through advertising, are ... by many large firms as assets worth millions of dollars.

Members and guests of the club filled the private dining room at the cafeteria and at each plate there was a number of souvenirs. President Charles W. McClain first introduced State Senator James R. Hopley, of Bucyrus. H. M. Miller, of the merchandising and service section of the advertising department of the Columbus Dispatch, told of arrangements being made in Columbus for a special car to the annual convention of the Advertising Clubs of the World at Atlanta, Georgia, in June.

Mr. Miller invited the Marion Advertising club representatives to join the Columbus delegation. Samuel Hurd, of the "On-to-Atlanta" committee, announced that he considered it best for the club to accept the invitation. This matter will be decided by the committee later.

Long Silk Gloves.

At Rawlings you will find only the better qualities for sale—including the famous "Kayser" make. We are featuring a 16-button length Milanese glove at $2. Colors are gray, white, pongee, mastic, sand, etc. J. H. Rawlings & Son. Adv-1

Stockholders' Meeting.

The stockholders of the LaRue Farmers Exchange company will hold a stockholders' meeting in the G. A. R. hall at LaRue, O. on the evening of April 12 at 7:30 p. m. The LaRue Farmers Exchange Co. adv—116-2-c

OBITUARY

MinYoung—Frank B., was born June 2, 1864, in Beavertown, Portage county, Ohio, and died April 5, 1922, at the age of fifty-six years, ten months and three days. For ten years he suffered with a bodily ailment which gradually weakened his physical condition. During his long illness he was tenderly cared for by his loving wife and children. He was joined in holy wedlock to Allie M. Kester on December 20, 1892, at Versailles, Ohio. To this union four children were born, two girls and two boys—Mrs. Ray Jenkins, of Celina, Ohio; Mrs. H. F. Miller, of this city, Damon and Roger MinYoung, at home.

Thus Mr. MinYoung is survived by his widow and four children and one brother, Arner MinYoung, of Wayland, Ohio. He was a member of the Brethren church, and a patient sufferer, always looking forward to when he should see the Lord in all His Glory.

GAINS SEVERAL POUNDS IN A SHORT TIME

Employe at Springfield Plant of Robbins & Myers Highly Gratified Over His Experience with Redex.

Frank Bowman, who lives at 236 E. Jefferson street, Springfield, assembler at Robbins and Myers plant, speaking of his experience with Redex, the new Herbal Remedy, says: "Until I started taking Redex I was in very poor condition; all run-down, nervous, no appetite and scarcely knew what it meant to get a good night's rest. I was gradually losing weight and felt weak and discouraged. I have been taking Redex regularly for a few weeks and it has been a wonderful benefit to me. I have a good appetite and can eat anything set before me without any ill effect afterwards. I am no longer nervous and get my rest without any more wakeful nights. I have gained myself and find I have gained about five pounds in the last three weeks. I am stronger and more like my natural self than I have been in several months. Redex is a splendid medicine and I am glad to make this statement for the benefit of those who may be in the same condition that I was."

Redex can be obtained in Marion at Lowers, Schmidt's and all first-class drug stores.—Adv.

KEYKO
A Better Butter Substitute.

You can't make good pastry without good shortening. The flavor of the shortening is a predominant feature after the cake is baked. The texture of the pastry depends much upon the shortening.

You have tried other fats—now try KEYKO, colored or uncolored. You will find that Keyko mixes and blends easily with the other ingredients—you don't have to beat the mixture as long when you use KEYKO.

KEYKO contributes a texture that makes you proud of your cake when it is cut.

KEYKO gives any pastry a delicate and toothsome paste that makes the simplest cakes a rare delicacy. Used as shortening, KEYKO provides "The Master Key to a Feast."

Order KEYKO with your groceries.

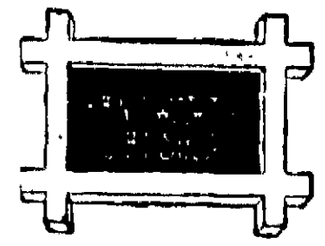
Tested and Approved
Good Housekeeping Institute
Good Housekeeping Magazine

Housewives familiar with the splendid, constructive work of Good Housekeeping Institute, through their department of Household Engineering, will be interested to know that the Automatic Refrigerator has been tested and approved by this institution.

The manufacturers of the Automatic not only received an extremely complimentary report from the Good Housekeeping people, but were given the hearty endorsement of this institution for their product. The number of Good Housekeeping Certificate is 2054.

This endorsement is a guarantee that you get, in addition to our own and the factory guarantee, that the Automatic is all that is claimed for it.

Demonstration at the store every day. Welcome.



We have just reassembled the Kenilworth Gift Shop for your inspection. There are new pieces added and this spring there are, no doubt, many little pieces needed in brightening up your home. Each article is exclusive but very inexpensive. There are decorative objects for your living room, dining room, bedroom and hall.

OKeh Records

Evidently OKeh Records have struck a popular appeal. At any rate, we sold a lot of them Saturday and today. They are good records and very quiet running. Won't you come in and hear them?

The H. Schaffner Co.
DEPENDABLE FURNITURE SINCE 1866

Laundering Bed Clothing

We have the necessary machinery to properly handle the large pieces, thus insuring you the best service and perfect satisfaction. Any kind of woolen goods, such as blankets, etc., can be ruined by carelessness in washing. Our experts know how to "do up" blankets, returning them to you as soft and beautiful as when you bought them.

NEW TRAFFIC CODE IS ADOPTED BY COUNCIL

Is Drawn Along Metropolitan Lines; State Regulations.

HOSPITAL SALARIES ARE FIXED BY ORDINANCE

Superintendnt and Assistant Both To Get $240 a Month. Each—Auditor's Help.

The adoption of a new traffic ordinance for the city of Marion, the passage of legislation providing for the improvement of a number of streets and much other business of importance was transacted at the regular meeting of the city council, Monday night, while the matter of changing the time for the city was not discussed, those lobbyists appearing to bring up the matter deciding to wait until later.

The new traffic ordinance, which was given the first reading two weeks ago, was read the second and third times and adopted. The ordinance is drawn to conform with the ordinances of the other larger cities of the state, and to conform with the state law. It regulates the speed of vehicles, the parking of machines, the lighting of the same, establishes safety zones and in every way takes in the operation of vehicles for the safety of the public at large, while it also outlines the congested portion of the city. The ordinance will be published in pamphlet form for distribution.

City Hospital Salaries.

A resolution was adopted fixing the salaries of the employes of the Marion City hospital so as not to exceed the amounts as follows: Superintendent, $140 a month; assistant superintendent, $140 a month; regular nurses, $90 a month; special nurses, six dollars a day; bookkeeper, $75 a month; janitor, $75 a month; head cook, $75 a month; assistant cook, $60 a month, male employes necessary, four dollars a day; additional female help necessary, two dollars a day.

An ordinance was adopted amending the semi-annual appropriation ordinance and transferrig $5,000 from the general fund to the safety fund. This is part of the money accumulated in the general fund through collections of fines and licenses for the city.

Fails To Pay License.

A resolution was adopted authorizing the director of public service to remove the gasolene and oil tanks, pumps and other appliances at the northeast corner of Woodrow avenue and Davids street. This action was taken because the owner of the same failed to pay the license required by the city.

The city auditor was authorized by resolution to employ clerical help for the office at not to exceed $50 a month.

A number of petitions which had been circulated among the women in various parts of the city were presented to council asking that some action be taken relative to the collection of garbage in the city and fixing a uniform price to be charged for the hauling of the same. On motion C. M. Tobin was instructed to prepare plans for the collection of garbage and submit plans to govern the same.

New Health Board Member.

The appointment by Mayor T. E. Andrews of Philip F. Ruehrmund as a member of the board of health to fill the unexpired term of Thomas E. Hunter, resigned, was approved by council. A bill for $38.10 for the sustenance of prisoners from Marion in the Dayton workhouse during the month of February, was opposed by resolution.

Resolutions were adopted providing for the resurfacing of streets as follows: Silver street, from Prospect street to the Hocking Valley railroad; Leader street, from Center street to Silver street; Delaware avenue, from the end of the old paving to the east entrance of McKinley park.

A resolution was adopted providing for the paving of Forest street from Mt. Vernon avenue to Jamison street. A resolution was also adopted to construct a storm sewer and cellar drain on Thew avenue from Prospect street to the east end of Thew avenue.

Construction of Sidewalks.

Resolutions for the construction of sidewalks on a number of streets were adopted as follows: On the north side of Woodrow avenue from Whittier avenue to Underwood avenue; on the south side of Oak Grove avenue from lot No. 9100 to Whittier avenue, and on the north side of Oak Grove avenue from lot No. 9037 to Whittier avenue; on the north side of Congress street from Whittier avenue to Clinton street, and on the south side of Congress street from Whittier avenue to Underwood avenue; on the south side of Herman street from Davids street to Uncapher avenue, and on the east side of Emerson street from Mark street to Fairground street.

The first reading was given a resolution for the construction of a storm-water sewer and cellar drain on Mark street from Ballentine avenue to Underwood street. The adoption of the usual three readings of a resolution for the construction of sanitary and storm sewers and a cellar drain in the first alley west of Charles street from Center street to Church street.

An ordinance to proceed with the construction of sanitary and storm sewers and a cellar drain in south Prospect street, from Edgewood drive to Hawthorne avenue, was read three times and adopted. The ordinance to proceed with the paving of north Prospect street from Mark street to Fairground street was adopted after three readings. The adoption also followed three readings of the ordinance to proceed with the paving of Irey avenue from Walnut street to Superior street.

Report of Mayor.

Mayor T. E. Andrews reported that during the month of April he collected $764.63 in licenses and fines in city cases. The report was accepted and placed on file.

A petition for the paving of east Church street from Reed avenue to Kensington place was referred to the street and alley committee. Attorney L. E. Myers addressed council relative to the need of this improvement and stated that the signatures of all but one of the property owners had been secured and the one was not in the city, but had expressed himself as favoring the improvement.

A petition for a sanitary sewer and storm sewer on Herman street from Davids street to Uncapher avenue was referred to the sewer committee, while a petition for a sidewalk on the east side of Flos avenue from Bennett street to York street was referred to the street and alley committee.

Communications were read from the retail druggists and retail grocers and meat dealers, expressing to council their favor of the daylight saving plan.

Of course you are going. The price is only 50c. "Pollyanna," the Glad girl, will be there. Buy tickets at Uhler-Phillips all week.—Adv. 116-6

MURINE FOR YOUR EYES

Night and Morning. Have Clean, Healthy Eyes. If they Tire, Itch, Smart or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Soothes, Refreshes. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Murine Eye Remedy Co., Chicago

Electric and Acetylene Welding

We have the only electric welder doing custom work in Marion. We weld all kinds of broken castings, and make them just as good as new.

Notice---Garage and Automobile Owners

We weld your cylinder blocks without having to have your cylinders rebored.

With our electric welder we save you time and labor—because we can weld broken frames and a good many other broken parts without taking your machine apart.

We repair and patch stationary and traction engines, fire boxes and boilers.

We have the **Kelly Metal Patent Process**, guaranteed to repair your scored cylinders without damaging or enlarging the bore in any way. Use the same pistons and rings again. Cylinders will not be heated or warped. Guaranteed to stay.

Our welder, Mr. A. C. Coy, has had nine years' experience welding with electric and acetyline welding.

All work guaranteed first class or money refunded.

Before You Clean House

Why not have your Holland Furnace installed before you clean house, and then pay for it next winter? There is no better time in the year than right now to have the work done.

1. Clean air to breathe.
2. Uniform warmth in the home.
3. Economy in the use of fuel.

You'll have all these permanent advantages as soon as you give the word.

Buy now and pay next winter.

IF THE PRICE COMES DOWN in the meantime, you will get the full benefit. Our contract protects you regarding the amount of money you invest, and in every way that we should want to be protected ourselves were we buying and you selling. It will pay you to investigate our service and our special housecleaning time terms.
